Blue Energy Receives “Certificate of Appreciation for Social Contribution Activities”

Blue Energy Co., Ltd. (“Blue Energy”) has received a “Certificate of Appreciation for Social Contribution Activities” from Honda Motor Co., Ltd. (“Honda”).

This certificate is presented to companies that continually engage in community-based social contribution activities through united efforts by their employees and have made significant contributions.

Since 2021, Honda has been presenting these certificates, and in FY2025 they were awarded to 126 sales companies and 29 group companies.

Blue Energy is honored to have received this certificate in recognition of its ongoing commitment to social contribution activities.

The certificate is currently on display at the entrance to Blue Energy’s Plant No. 1.

Blue Energy will continue to actively promote social contribution initiatives and further strengthen its ties with local communities.
